

A TIP FROM THE CRADLE

A Child Was Mrs. Visconti's
"Leak" Informant, She
Testifies

REPEATED REMARK OF ANOTHER

Child Was from Family of
W. W. Price, Who Sold
the Information

Washington, Feb. 9.—After Mrs. Ruth Thomason Visconti had written on a piece of paper for the "leak" investigating committee the name of her informant, it transpired that the name was that of a child. This child had repeated a remark by another child, and the other child was the child of the newspaper correspondent, Price, who also testified yesterday.

In answer to questions by Counsel Whipple, Price testified that he never used any information he got from Secretary Tumulty to send to brokers and said he had repeatedly warned the houses to which he sent information that he was giving only his opinions.

Price turned over his bank books to the committee to show he had made no profits and explained the entries.

It came out in executive session of the committee and not in the record that the name Mrs. Visconti wrote on the paper was that of a child who repeated a remark made by one of the Price children.

Price said he had talked about the peace note to his family but that the extent of his remark was to say that if he had had money to risk he would have made profits but did not.

That Mr. Price might have an opportunity to go on record as to his conviction as to the source of Mrs. Visconti's information, Whipple asked him this question:

"Have you any doubt that the charges brought before this committee were founded on some remark made by a member of your family?"

"I now have suspicions of that," Price replied.

"Do you here connect," Whipple continued, "this information with some remark, chance or otherwise, that some member of your family made?"

"I think so."

It was agreed to hold hearings in New York again next week. This was regarded as a victory for Republican members who opposed a Democratic plan looking to an early closing of the inquiry.

A B C POWERS SPLIT ON U-BOAT QUESTION

Argentina Is "Neutral," But Brazil Backs
President Wilson, Although Not
Breaking Off Relations.

Buenos Aires, Feb. 9.—Hope of further concert of action or continuance of the "A B C" unity of action among American republics apparently is at an end.

Inability of the Argentine, Brazil and Chile to agree on the answer to Germany's announcement of unbridled U-boat war or in their reply to President Wilson's appeal to neutral nations was believed by diplomats yesterday to indicate complete dissolution of the plan.

According to highest information yesterday, the Argentine's note to Germany regrets that the imperial government had adopted such extreme measures, but announces the Argentine's strict adherence to principles of international law—meaning apparently that Buenos Aires intends to maintain entire neutrality.

Brazil, on the other hand, has practically joined with the United States in adjudging Germany's blockade illegal. No break in relations has been made, however, the government for the present merely contenting itself with a vigorous statement of its views.

Official information from Chile is lacking.

The greatest interest is manifested here in Spain's attitude on the question. A dispatch received from La Nación's Madrid correspondent yesterday declared that Germany was "negotiating with Spain" as to that nation's fruit cargoes and had announced its purpose to avoid sinking Spanish ships carrying such a commodity, even if destined for the allies.

SUFFERED NINE YEARS

Many Remedies Tried in
Vain. Well and Strong
After Taking Lydia E.
Pinkham's Vegetable
Compound.

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work."

I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use.—Mrs. S. D. McABEE, 122 Dewey Ave., Spartanburg, S. C.

The reason women write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved. This is a praiseworthy thing to do and such women should be highly commended.

Overland

Undoubtedly the Industry's Crowning Achievement

From your point of view this announcement is most important.

For herein we set forth the achievement toward which this company has aimed for the last eight years.

This achievement in a word is the completion of our gigantic organization to a point where we can make and market a complete line of automobiles under one head.

This means tremendous economies—much greater than ever before.

This means the elimination of all waste, all lost motion and much greater factory efficiency.

This means an even higher grade of cars at much more attractive prices.

All of which means a substantial saving for you on the next car you buy.

For now and for the first time in the history of the automobile business we as one single organization offer the public a full and complete line of automobiles.

This concentration—this greater efficiency—this more effective means of pulling together is going to set a new standard of low priced high-grade automobile values.

For we operate on the basis of—

- one executive organization
- one factory management
- one purchasing unit
- one sales expense

—one group of dealers to plan, produce and sell all Overland, Willys and Willys-Knight models.

Buying power is concentrated. Costs are distributed over all these cars. The savings are enormous.

As a result we are producing cars of exceptional quality—and marketing them at unusually low prices.

Every car is built to a rigid standard of performance, comfort and appearance.

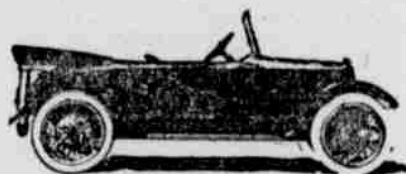

The new models are listed in this announcement. They include Overland models from the snappy comfortable \$665 Light Four to the beautiful Light Six Sedan at \$1585.

They include also the big, handsome Willys-Knights from the Four at \$1285, to the super efficient Eight at \$1950.

These new models establish price records, value records and performance records which we believe will prove to the public conclusively that the vast economies of vast production are the key note and manufacturing secret of the greatest value for the least amount of money.

TELEPHONES BY RADIO FROM AN AEROPLANE

First Time Such a Feat Has Been Accomplished in This Country—
Done By Army
Men.

San Diego, Cal., Feb. 9.—Radio telephonic communication between an airplane in flight and a land receiving station was announced yesterday, this being established at the North Island army aviation school here Wednesday. This is believed to be the first time such a feat has been accomplished in this country. The tests were held under the joint supervision of Capt. Clarence C. Culver and E. J. Simon, New York radio engineer. Flying at an altitude of between 500 and 600 feet in a military airplane piloted by Capt. Herbert A. Dargue, Capt. Culver succeeded in transmitting several verbal messages a distance of about two miles. Capt. Culver's voice was heard distinctly by Simon at the receiving room, the latter said. The experiments will be continued daily.

HAVE PLAN FOR PEACE.

New Yorkers Would Give a Billion to Combatants.
Washington, Feb. 9.—Certain New York residents have communicated to the president a plan for peace along the following lines:
"Authorize Congress to raise \$1,000,000,000 for distribution in the various invaded countries in Europe.
"Accompanying this distribution with a note to belligerents asking that they state their terms and discuss their willingness to open peace negotiations along the line suggested by the president's recent address to the United States Senate."
Harold A. Hatch offered to contribute \$50,000 to this movement and Mrs. Hatch \$10,000. Mrs. J. Sergeant Cram and Seth Milliken, Jr., endorsed the suggestion.

Bangor Postal Clerk Guilty.

Bangor, Me., Feb. 9.—Albert K. Glass, a well known business man and for 20 years in charge of the money order department of the Bangor postoffice, pleaded guilty in the United States district court yesterday to the charge of having stolen \$9,000 from the postoffice. He was sentenced to two years in federal prison and fined \$1,000. He was president of the George F. Glass Printing Co.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weak, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels too often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.
Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—J. V.

BREAK HASTENS THE WAR'S END

America's Action Is Thus
Viewed by a Former
Ambassador

U-BOAT DECREE ACT OF DESPERATION

Thinks Bryce—Gives Expression of His Views on Situation

London, Feb. 9.—Viscount Bryce, formerly British ambassador at Washington, gave to the Associated Press yesterday his views on the current phases of the war and the probable effect of America's action. Speaking first of Germany's declaration of war zones and the menace to neutrals, he said:
"This is the first definite step that brings us nearer peace. It looks like the beginning of the end. Up till now many thought the outcome of the war might be a draw game, but now the German government, recognizing approaching economic exhaustion and the growing scarcity of supplies, has become desperate and is resorting to desperate measures. Seeing no other hope of success, it is throwing over every remaining restraint of law and proclaiming its contempt of neutral opinion.
It undertook the invasion of Rumania in the belief that victory there would startle the world, would appear discon-

tents in Germany and enable it to dictate peace on its own terms. When the German armies scored success in Rumania the German government thought the time for dictating peace had come. This was its calculation. But the offer was made in a way which showed the terms were to be terms imposed by a conqueror."

Death From Gas.

Chelsea, Mass., Feb. 9.—Gas escaping from a heater in their home yesterday caused the death of John Cullen and the serious illness of his wife. The latter was taken to a hospital, where it was said she was not expected to recover.

GRANDMOTHER KNEW

There Was Nothing So Good for
Congestion and Colds
as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.
Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.
Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

AMERICAN KILLED ON THE TURINO

George Washington, a Negro Fireman,
Perished When the Ship Was
Sunk.

London, Feb. 9.—An American negro fireman on the Turino, George Washington, was killed, according to a report received yesterday by the American embassy.
Washington was one of the three firemen who were killed. According to the information received by the embassy, his wife is now in Liverpool. An effort is being made by the embassy to find her. One of the survivors is Calvin Bay, an American citizen of Fillmore, Utah.

SAIL WITH WARSHIP GUARD.

Fleet of 25 Boats Leave Virginia for Europe.

Norfolk, Va., Feb. 9.—Loaded to the gunwales with war munitions, cotton and general supplies for the entente allies, a fleet of 25 British, French and Italian ships, sail and steam, left Virginia ports yesterday.
Twenty-five miles off shore a convoy of warships picked the cargo boats up and will convoy them.
The munitions-laden ships have been rendezvousing at the mouth of Chesapeake bay since Sunday. Others from Baltimore and points along the coast are sailing to join the fleet.
It was said in shipping circles here yesterday the allies have adopted a plan of conveying cargo boats in squadrons of 10 or more hereafter.

MILLION FOR DEFENSE.

Gov. Whitman of New York Signs Preparedness Measure.
Albany, N. Y., Feb. 9.—The bill appropriating \$1,000,000 for military preparedness purposes was signed yesterday by Gov. Whitman.

GUNS TO NEW YORK PORT.

All Available Weapons Sent from West Point.

West Point, N. Y., Feb. 9.—All the available six-inch siege guns at West Point were shipped to New York yesterday for use at the forts protecting the city.

Cold weather aches follow exposure. Soothe and relieve them with Sloan's Liniment, easy to apply. It quickly penetrates without rubbing. Cleaner than mussy plasters or ointments. Does not stain the skin.
For rheumatic pains, neuralgia, gout, lumbago, sprains, strains, bruises and stiff sore muscles, have Sloan's Liniment handy.
At all druggists, 25c, 50c. and \$1.00.

Sloan's Liniment
KILLS PAIN
